

Inland Orthopaedic Surgery and Sports Medicine Clinic is seeking a BC/BE orthopaedic surgeon to join our team due to growing demand. Join a well-established and highly regarded private practice in the Pacific Northwest in a region known for year-round outdoor activities. Fellowship training in Spine, Foot and Ankle, Hand and Joint Arthroplasty will receive distinct consideration. Operate at two hospitals and an ambulatory surgery center, with opportunities to buy-in. See patients at two offices located 7 miles apart, each with in-office X-ray after upcoming remodel. Excellent compensation package with optional one or two-year income guarantee if desired. Receive pay for call at two local hospitals and partnership track. The practice serves the healthcare needs for two Division 1 universities and are the team physicians for both universities.

The region offers an array of activities for the outdoor enthusiast, and a family friendly environment with high-ranking public schools and a competitive housing market. Due to increasing demand, we expect the new surgeon to be busy from the start. If this opportunity complete with the promise of a great quality of life, an excellent benefit and compensation package is of further interest to you please send your cover letter and curriculum vitae to:
